Dear Save Our Hospital Inc,

Subject: Support for 'Save Pambula Hospital' Campaign

Over the last 2 years the Wonboyn Lake Ratepayers Association at the request of the Wonboyn Lake Community has been corresponding with Local, State and Federal government to let all the levels of government know that we are very unhappy with the proposed closure of Pambula Hospital and the reduction of services that had occurred at Pambula.

At the recent Wonboyn Lake General Meeting it was also suggested that our community would be happy to provide support to the central campaign group. Your work in publicising the issue and raising the concerns with Government are much appreciated by our community.

The purpose of this letter is to congratulate you on your efforts and to establish a link with you and to offer our support if and when needed.

Yours sincerely,

Kel Henry
President
Wonboyn Lake Ratepayers' Association
